TOMMY KOEHLER'S RUN FOR FRIENDS OF KAREN

Sunday, January 18th, 2009 8:00 AM

In 1998, NYPD Detective Tommy Koehler lost his left leg after being shot in the line of duty. Through determination and hard work he has strived to overcome this injury. Earlier this year, Tommy's 9-year-old cousin, Christian Koehler, an excellent student and gifted athlete too, was diagnosed with a malignant brain tumor. Inspired by Christian, Tommy will run a marathon this coming January to raise awareness and funds for an organization that helps families with children diagnosed with cancer and other life threatening illnesses. Tommy's Run is part of the P. F. Chang's Rock & Roll Arizona Marathon -staged in the perfect winter running weather of Arizona!

Please consider visiting Tommy's donation page at the register button on the right and donate to this worthy cause.
